

Yulara School Newsletter, Term 2 Week 10

From the Principal

Congratulations for successfully making it through another term. I hope you plan to spend some quality downtime with your family during the school break.

Since our last newsletter, you will have received your child's semester report. Well done to all our students, for their hard work and sound results. During student-led conferences this week, students presented impressive samples of work and shared learning and personal goals for semester 2 with their parents. Parents, your interest, cooperation and steadfast commitment to your child's schooling is formidable and so crucial in forging our strong partnership for your child's lifelong learning.

Today we farewelled our Class Support Tutor, Rosemary Alderson. Ms Rosemary had helped evoke such cheer and positive spirit throughout the school over the past one and a half years, and she will be sorely missed. We wish Rosemary and John the very best as they return to their family home in rural NSW.

Following Rosemary's departure, I am pleased to announce that Mr Allen Saena will join the Yulara School team as Class Support Tutor. Allen's experience as Teacher Aide includes Wilmott Public School, and currently Northbourne Public School in New South Wales. Allen's partner Sarah is a member of the Wellbeing Team so he has been a frequent visitor to Yulara and may be a familiar face to many of you.

The Jump Rope for Heart campaign has seen a flurry of activity and skipping ropes around the school. Congratulations to students who made huge gains in their skipping and raising well-needed funds for heart research. Please see photos in this newsletter of our champion jumpers.

The Outback Marathon is getting into full swing in preparation for the last weekend in July. Our students have been training hard under the watchful eye of Miss Parker. Students will be able to enter the marathon if they choose so please keep an eye on future newsletters and our Facebook page for more information in the coming weeks.

The Wellbeing Team has put together an excellent holiday program for those seeking activities during the holidays. Please refer to the flyer later in this newsletter.

Please note for your records that Term 3 begins on Tuesday 18th July, and Yulara Pupil Free Day on Friday 29th July for staff professional development.

I wish you all a restful break over the next three weeks and look forward to seeing you all next term.

Cae Ashton

Assembly Presentation

A big congratulations to our Term 2 Week 8 Merit Award recipients: Bosco, Rosie and Lanna. Great job!!

Also congratulations to Angus for most skips in our Jump Rope for Heart Fundraiser and to Sofia for raising the most money since last assembly. Keep up the great effort!

Congratulations to all our Term 2 Week 10 Merit Award recipients: Lukas G., Sofia, Hayley, Lucas A., Andrew, Kristoff and Geoffrey.

Jump Rope for Heart Fundraiser champions: Hendrix, Bosco and Cassius.

The overall skips recorded and money raised went to Angus. That is a fabulous result and so much great effort put in to it. Overall Yulara School raised \$1291. Well done to everyone.

Last Day of Term 2

Thank you to all parents for attending our last assembly for Term 2. Everyone was treated to special performances from our ukulele group accompanying our school song, and our newly started school choir performing "Family" which is a part of the Alice Beat repertoire.

Straight after Assembly all primary students were straight into a "Jump Off". Everyone split into 4 teams and rotated to 4 different stations. All the students really got to show case how much their skipping has improved since starting the program and they got a good workout before settling into an end of term movie.

Mrs Rosemary getting stuck into skipping on her last day.

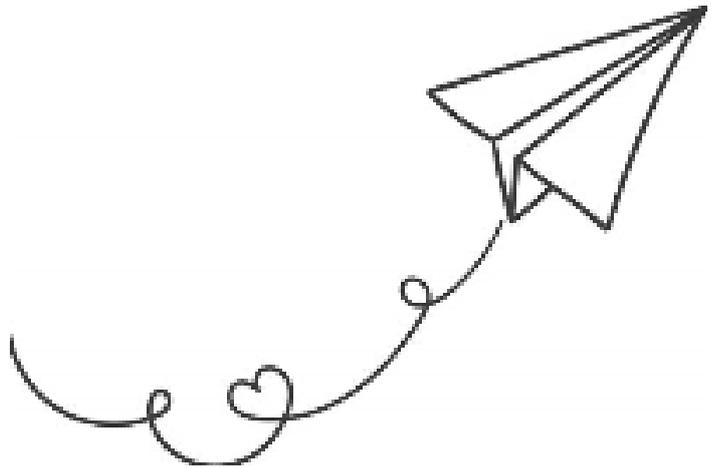

As confidence has grown, students challenged themselves by finding ways to jump in the same ropes or holding each others ropes while skipping. Great effort and fun had by all.

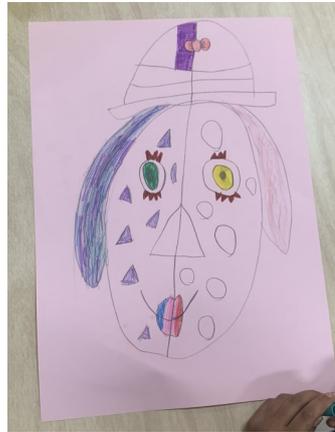

Paper Planes

Tinka class has undertaken a Maths investigation this term, studying length through the design and construction of paper planes. We learnt about fair testing, different units of measure for distance and the trundle wheel was definitely our favourite! Everyone had a lot of fun putting their new skills to the test, with a final competition to see which plane flew the furthest.

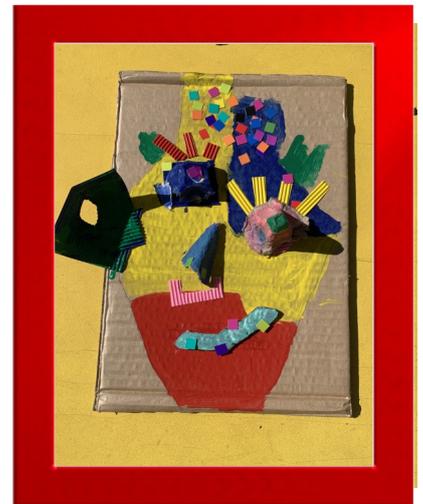

Art Update

Look out Pablo Picasso! All the students have made cardboard faces and they are very imaginative, colourful and fantastic art pieces. The students had to plan their piece by drawing their design first and then create it using their drawing.

Initial designs. See if you can spot the face that belongs to these drawings.

Art Update

Creations in the making.

Art Update

Art Update

Would you like to receive regular updates on your child's art instead of waiting for the Newsletter? Then register with Artsonia.

All our students art will be uploaded to their own account and you can access it from home. It also has the function of uploading any art students do at home, and send invitations out to family or friends so they can see the art and comment on it.

Need ideas for home projects? Artsonia can help you with that as well. They have ideas suited for home art supplies.

If you experience issues with the registration don't hesitate to contact your classroom teacher for assistance.
